Quick Reference for School Staff, Volunteers and Visitors

This leaflet has been given to you to make sure you understand what is expected of you.

Please seek advice from your **Senior Designated Lead** for Safeguarding if you are unclear about anything in this leaflet and keep it in a safe place.

- We ask that your mobile phone/device is switched off and stored in a bag.
- If in the event you do need to use your mobile phone or camera enabled device, then please do so in an area that is not accessed by the children, this includes corridors. Such places could be in one of the offices or in the staff room.
- Do not take pictures, videos or sound recordings of any pupil unless you have sought permission from the school.
- If you are working with a child, please ensure the child’s class teacher is aware of this, where you are working and approximately for how long.
- When working with a child, please do so in a space that is open, or has an open door or is visible by others through a window.

When and what might I be concerned about?

At any time you may be concerned about information which suggests a child is being neglected or experience physical, emotional or sexual harm.

You may observe physical signs, notice changes in the child's behaviour or presentation, pick up signs of emotional distress or have a child disclose a harmful experience to you.

Harm to a child can be caused by:

A parent/carer

A family member/friend

Another child

A stranger

A member of staff/volunteer *

What should I do if a child disclosed that s/he is being harmed?

1. Listen

Listen carefully to what is being said to you, do not interrupt.

2. Reassure

Reassure the pupil that it is not their fault. Stress that it was the right thing to tell. Be calm, attentive and non-judgmental. Do not promise to keep what is said a secret. Ask non-leading questions (TED) to clarify if necessary:

Tell me more ...

Explain that to me...

Describe what happened ...

Then follow the steps in the flowchart on the right

The information you have may not be enough on its own for a Child Protection referral, however, it will help your Designated Senior Lead to make a decision about risk of harm to the child.

What must I do?
