

Music

Our learning values

Working Together	Curiosity	Making Connections	The Bigger Picture	Keeping Going
<p>I like to work together with other people in school as well as the local community. This allows me to share my ideas and helps me to learn.</p>	<p>I just love asking questions to find out about things. I like to investigate, create and explore to find the answers.</p>	<p>I enjoy making connections with my learning. I like to see how everything fits together. I love linking learning from different areas together, it helps me to understand what I am doing.</p>	<p>I see the bigger picture. I plan ahead so I am clear about what I need to learn. I look back at what I've done so I know what to do next. It is important to me that I do my very best.</p>	<p>I keep on going. It doesn't matter how hard I find something. When things get tough I use my perseverance to stick at a task and try my best. By doing this I discover that learning becomes easier than I thought.</p>
<p>Children will perform, listen to, review and evaluate music across a range of historical periods, genres, styles and traditions, including the works of the great composers and musicians</p>	<p>Children will learn to sing and to use their voices, to create and compose music on their own and with others, have the opportunity to learn a musical instrument, use technology appropriately and have the opportunity to progress to the next level of musical excellence</p>	<p>Children will understand and explore how music is created, produced and communicated, including through the inter-related dimensions: pitch, duration, dynamics, tempo, timbre, texture, structure and appropriate musical notations</p>		

At Shute Primary school, we believe that all children should have the opportunity to hear, compose and perform music and enjoy listening to a wide range of music. Our school community values the importance of singing whether through assemblies, school performance or concerts and we enjoy performing for the wider community. Through the Devon music learning hub we are able to have a range of instruments for children to experience. Children at Shute enjoy listening to a wide genre of music from all around the world and learn the role that music plays in different cultures. The children have an opportunity to join extra curriculum music with singing, piano, guitar, ukulele and flute lessons available. Children at Shute have the opportunity to be creative and to develop and understanding of the history of music.
